TEKWave AllBox - Community

Smart Intercom and Remote Access Management

AllBox A1

- Robust vandal-proof outdoor kiosk unit with touchscreen interface.
- Temperature controlled aluminum NEMA enclosure that fits all climates and environments.
- 17" touchscreen AIO
- Expandable peripherals: thermal/infrared camera, printer, etc.

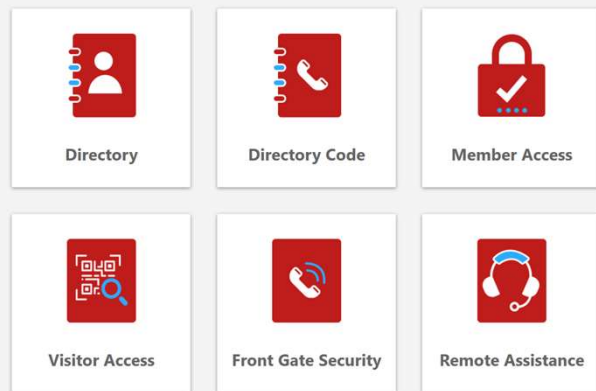

AllBox Interface – Splash Screen

- The AllBox splash screen is a customizable interface that will display when the AllBox is not in use.
- Put your community logo, instructions, image, etc. to properly brand and display at your gate!
- Scan a pass at this screen for touchless entry or tap the screen to proceed to the home screen.

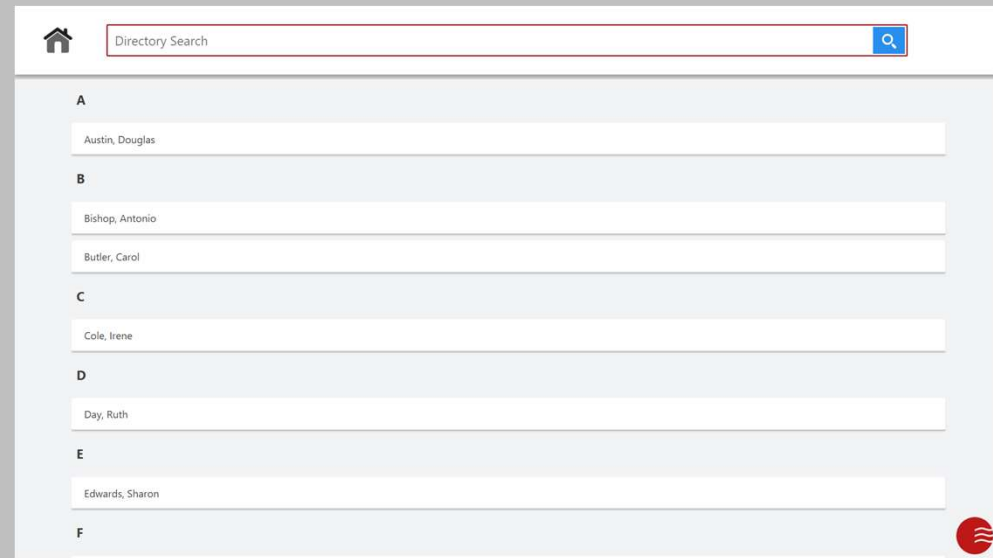

AllBox Interface – Home Screen

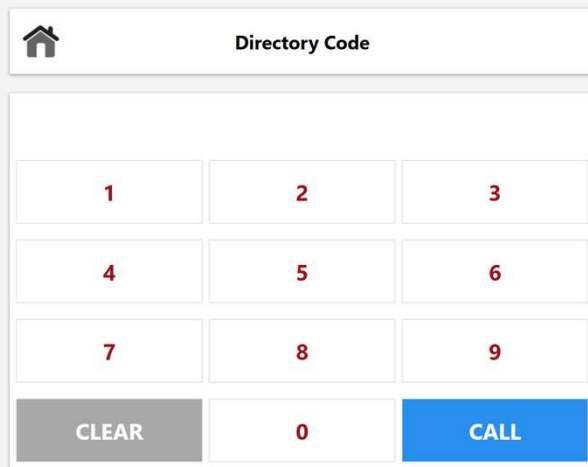

- Once the visitor or resident proceeds, they are taken to a configurable home screen where they can make a selection.
- The options will be configured to your community.
- The labels can be configured for each option as well as making a primary selection.

AllBox Interface – Directory

- The visitor can select the directory option so they can call a host within the system.
- The visitor can scroll through the list or search at the top.
- The resident can opt-in to or opt-out from the directory as well as display an alias in the listing.
- Through an audio or video call, the resident can talk to the visitor then remotely open the gate.

AllBox Interface – Directory Code

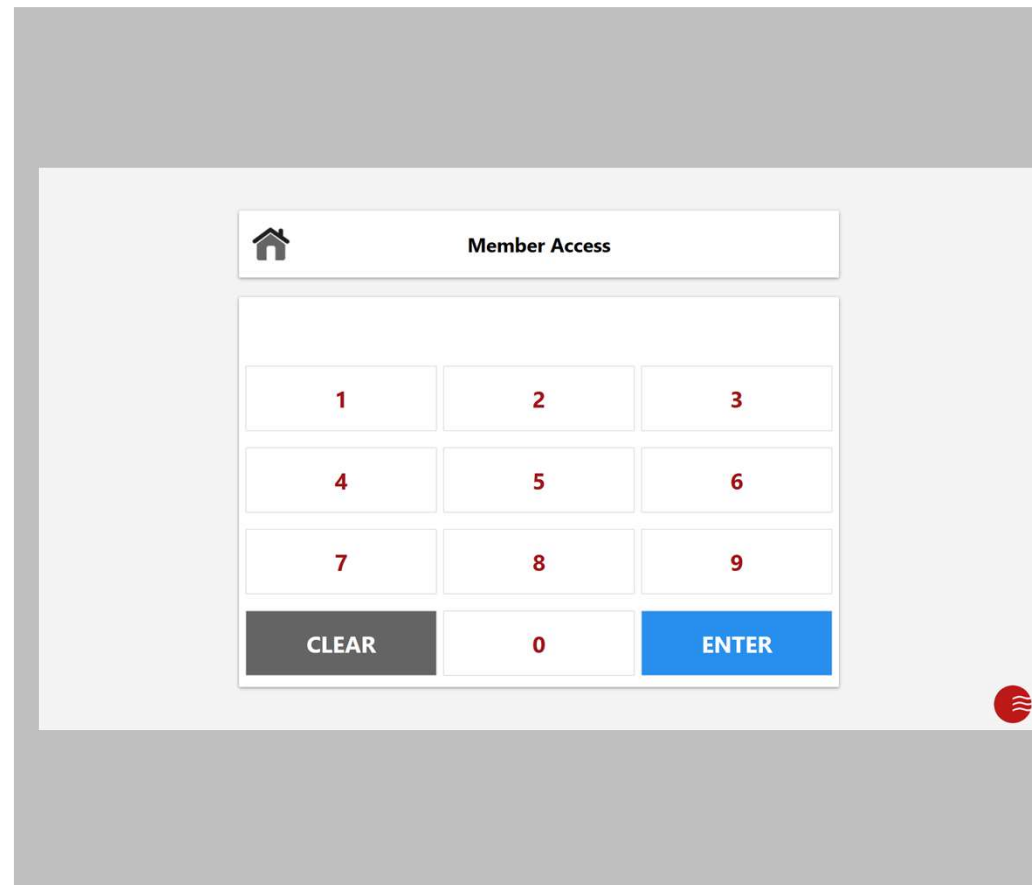

The screenshot shows a mobile application interface titled "Directory Code". At the top left is a home icon, and the title "Directory Code" is centered. Below the title is a large empty text input field. Underneath is a numeric keypad with buttons for digits 1 through 9, 0, a "CLEAR" button, and a "CALL" button. The "CALL" button is highlighted in blue. A small red circular logo is visible in the bottom right corner of the interface.

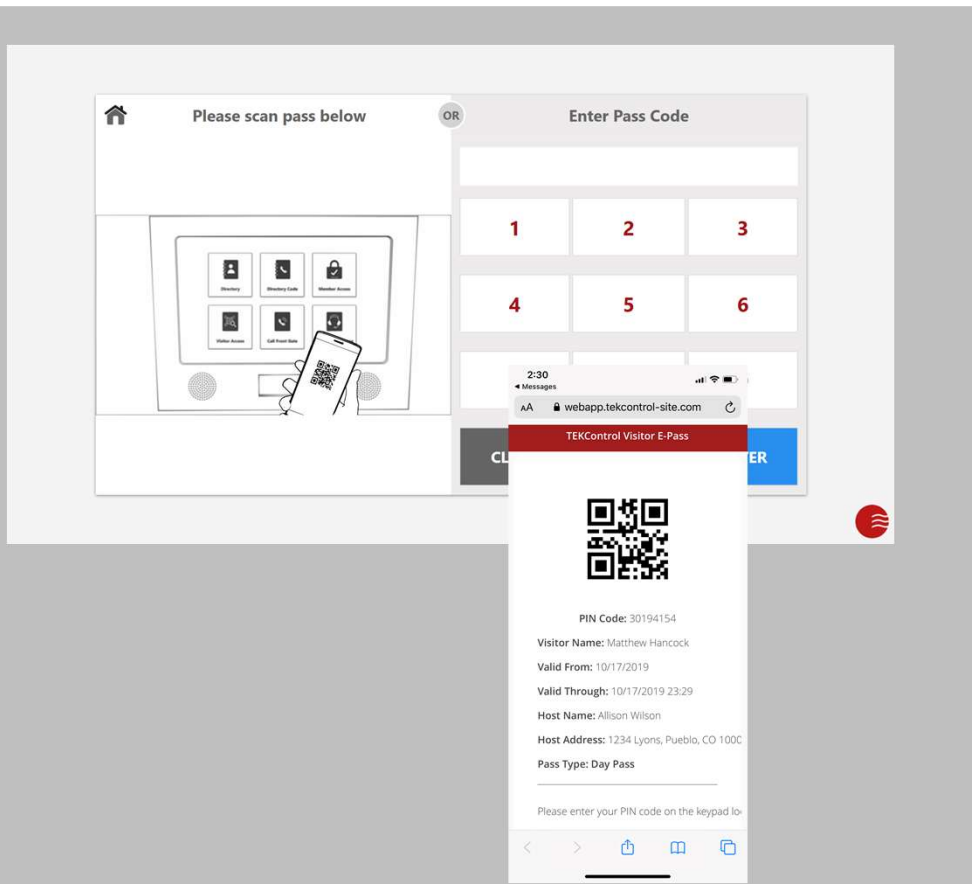

- The visitor can also use the directory code option to directly call the resident without scrolling or searching the directory.
- This option requires the resident to tell visitor their code for direct dial.
- This option can be displayed without the main directory for enhanced privacy.

AllBox Interface – Member Access

- In the member access section, a code can be configured for each host that will automatically open the gate.
- This option is perfect for when a resident is in an Uber, rental car, etc.
- Our web portal tracks when and how often these codes are used and the codes are unique to each individual!

AllBox Interface – Visitor Access

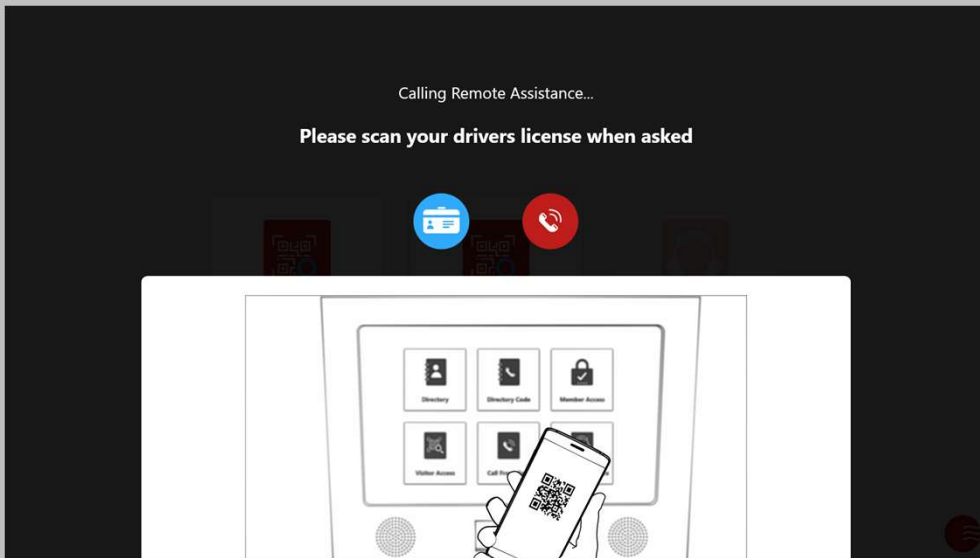

- A host can send a visitor an e-pass during the registration process which can be used at the AllBox.
- The QR code/barcode scanner at the bottom can scan an e-pass, printed pass, or driver's license.
- If the visit is valid, the gate will automatically open for the visitor to proceed.

AllBox Interface – Concierge

- A single button dial to a local resource.
- Let a visitor dial a roving patrol officer, property receptionist, property manager, etc.
- Assist visitors locally when an officer isn't on duty.

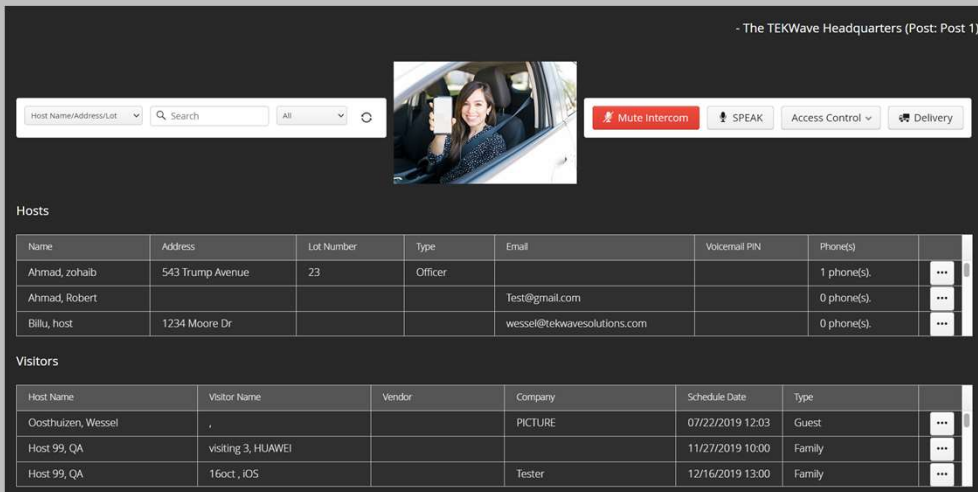

AllBox Interface – Remote Assistance

- The AllBox is also integrated into central station applications for complete remote management of the visitor process.
- Visitors can alert a central station of their presence by simply selecting remote assistance button.
- They will be connected with an operator for remote processing and entry.

Operator Interface – Remote Assistance

- The TEKWave Headquarters (Post: Post 1)

- The central station operator can see, hear, and speak with the visitor onsite using the AllBox.
- The operator can verify if the visitor is allowed onsite, communicate with a resident, and open the gate remote.
- All of this is processed within our software and captured for reporting, searching, etc.

Add-Ons

- LPR – integrated license plate recognition for automatic processing with zero visitor interaction.
 - Leverage LPR for watchlist for specific visitors or license plates
- Printing – attachable printer to the AllBox for printed passes when the visitors engage with the AllBox.
- Other Integrations – internal resident management software, officer application tie-in, online pass purchasing.
